

To buy PRT tokens the following steps are required:

1. Go to the website <https://papusha.io> and hit "Buy PRT" button.

2. Register investor personal account. Enter your email address, name and set password. Hit "Signup" and check your email.

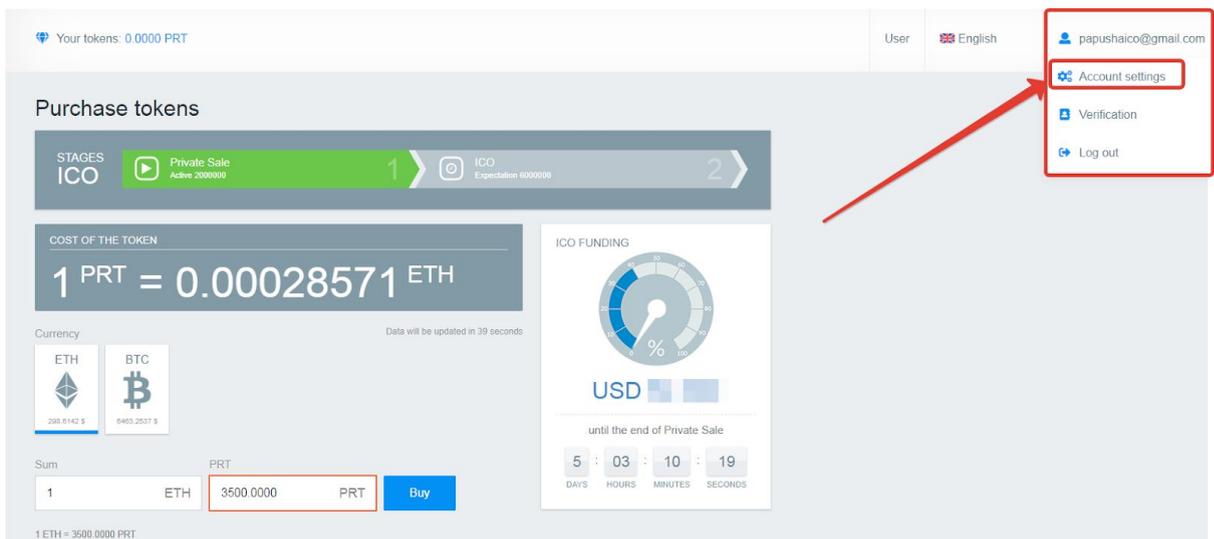

The image shows the registration form for the Papusha Rocket Technology Investor's Personal Cabinet. The form is titled "Sign up / Log in" and includes fields for E-mail, First Name, Last Name, and Password. A red box highlights the "Sign up / Log in" header, and four red arrows point to the input fields. Below the fields, there are four checkboxes for agreeing to the ICO website, White Paper, Terms and conditions, and Privacy policy. A "Sign up" button is located at the bottom left of the form, and social media icons for Google and Facebook are at the bottom right.

You will receive the following message:

"Congratulations! Thank you for your interest in Papusha Rocket Technology ICO. To complete the registration, click on the link:..."

Follow the link to complete registration and sign in to your investor personal account (<https://lk.papusha.io>).

3. To receive tokens you will need to enter address of your Ethereum wallet that supports ERC20. It must be your personal wallet **not the one that belongs to the exchange**. If you enter exchange wallet details you won't be able to get your tokens. Mouse over email address in the top right hand corner and go to "Account settings".

4. Enter your ETH address to which you would like to receive PRT tokens in field "Ethereum wallet" and hit "Save".

FAQ:

Why can't I send money from and the exchange wallet? -

Exchanges don't support new tokens until tokens are not added in the list for trading. If we send tokens to an exchange wallet you won't be able to get them back and they will be lost.

Why is it necessary to enter in settings the address of wallet from which purchase was made? -

If addresses of wallets are different, the system won't find and recognize your payment automatically.

If I purchase with BTC should I enter bitcoin wallet address in settings?
No. PRT token was created in Ethereum and you should enter your ETH address to get it. You will receive your tokens on ETH address after ICO. The system recognizes your payment in bitcoins but you will receive tokens only on your Ethereum wallet.

What are the minimum and maximum sum of purchase? -

The minimum sum is 100 PRT and there is no maximum.

Is it possible to send bitcoins to Ethereum wallet and back from it? -

NO. You will lose your bitcoins and ETH.

When do I get my tokens? -

Token distribution will be completed in two weeks after ICO end.

When is exchange listing planned? -

We plan to hit an exchange in 4th quarter of 2018. The date will be announced in advance.
